Strong boost on Own Brand business development and sustainable performance growth

Tianyun International Holdings Limited ("Tianyun International", together with its subsidiaries, the "Group") (Stock code: 6836.HK), a leading seller and manufacturer of processed fruits products in China, is pleased to announce that Shandong Tiantong Food Co., Ltd., a wholly-owned subsidiary of the Company, was invited to participate in the Autumn China Food & Drinks Fair (the "Fair"). As the industry's leading and reputable event, this Fair attracted hundreds of thousands of exhibitors from domestic and abroad. It is an ideal platform for industry distributors to purchase and source products.

The Group showcased its Own Brand new products including fruit purees, fruit jellies and fruit ice etc. By leveraging the natural and excellent quality of the Group's products, the Group successfully signed over 30 new distributors, and has been undergoing discussions with many other potential distributors. The Group currently has approximately 200

distributors which lays a solid foundation for the significant sales growth of the Group's Own Brand business. The Group believes that its participation in the Fair can foster direct communications with distributors around the world, refine its sales network continuously and expand rapidly the geographical coverage of its Own Brand business with the aim at bringing a strong and sustainable growth momentum.

Mr. Yang Ziyuan, Chairman and CEO of the Group commented, "The Group once again has a great exposure in a sizeable food fair and gains high attention from merchandizers and business partners, these give us an important industry recognition. Going forward, we shall continue seize the rapid development opportunities brought by our Own Brand, increase number of distributors and boost our overall sales performance by further strengthening the brand awareness and influence of our Own Brands. The Group will continue adhere to our safe and healthy food production, and develop steadily our own brand and OEM business in order to grow our business continuously and meet the demand from customers and clients, thus further strengthening the Group's market leadership position."
