Tianyun's (06836) snack food gets patent certificate

[ET Net News Agency, 1 August 2018] **Tianyun International Holdings** (06836) said that a fat-free pure fruit snack food, which is similar to ice cream, of the group's subsidiary Shandong Tiantong Food, has received the "Certificate of Invention Patent" issued by the State Intellectual Property Office of the People's Republic of China for its superior product technology.

The patent period is 20 years. The outer package of the product has been designed and will enter the mass production stage soon. The first batch of products will be officially launched in mainland China, Hong Kong and Macao markets in the near future.

The company said the production process of this pure fruit snack food is different from fruit-flavoured ice cream that are commonly seen in the market. The new products do not contain any fat and can be transported and stored at room temperature.

It is an revolutionary product that is convenient for transportation and storage, which contains original fruit taste and nutrition with a soft taste like ice cream after freezing. (KL)
