天韵國際控股有限公司
Tianyun International Holdings Limited
(Stock code : 6836.HK)

**Being appointed as the Vice Chairman party of the Life Sciences Institute,
Linyi University**

**Create a win-win situation for Research and Development
For higher production skills and better quality new products**

(Hong Kong, 18 October 2017) **Tianyun International Holdings Limited (“Tianyun International”, together with its subsidiaries, the “Group”) (Stock code: 6836.HK)**, a leading seller and manufacturer of processed fruits products in China, is pleased to announce that the Group’s subsidiary Shandong Tiantong Food Co.,Ltd. (“Tiantong”) was appointed as the Vice Chairman party of the Life Sciences Institute, Linyi University, which can actively promote the establishment of an Integrated Base for scientific research resources sharing, creating a win-win situation for research and development as well as higher production skills and better quality new products for serving local economy and fostering social development.

Tiantong entered into an agreement with Life Sciences Institute, Linyi University on June 2017. Both parties decided to carry out comprehensive cooperation in scientific research, innovation and development, education and learning, training etc. to create an integrated base for scientific research and big data sharing. In order to achieve joint advantage in production technology and research, both parties will form an association on joint bidding, joint declaration, joint research and joint development for national and local government’s key projects, major scientific and technological projects and high-tech products. Both parties shall adhere to the principle of " Mutual Benefit and Joint Development" to open related laboratories, to share professional platforms and scientific equipment, to share scientific research results database, technological data database as well as scientific and technological literature etc. The Life Sciences Institute, University of Linyi will become an Industry-Academia-Research cooperation and training center to support new products research and development and cultivate talents as the strong backup of the Group.

Mr. Yang Ziyuan, Chairman and CEO of the Group commented: “As a professional undergraduate college with a long history and excellent reputation, Life Science Institute of Linyi University has strong scientific and technological strength and high-quality research team with rich experience in the production technology and research, this appointment of Linyi University demonstrates our focus on our R&D results. The Group was recognized by the China Canned Food Industry Association with products identified as the “zero added preservative canned products” in 2016 and thereby becoming

the only fruit processor in the industry to win the qualification of “China Canned Product Quality Certification Label”. At the same time, the Group has been adhering to the product upgrade and actively promoting product innovation. We expect to launch 4 to 5 series of new products during the year, which shows our commitment and R&D competitiveness on ensuring the quality of our fresh fruit processing products. Looking ahead, we will insist on providing natural, safe, nutritious and healthy products to customers. We will continue to steadily develop both own brand and OEM business to seize the opportunities brought by the fast-growing own brand business, increase brand popularity and new products for the continuous growth of our business, and further consolidate the Group’s market leadership.”

The letter of appointment by the Life Sciences Institute, Linyi University as the Vice Chairman party.
