**Tianyun accelerates to the resumption of full production capacity**

(Hong Kong, 24 March 2020) Tianyun International Holdings Limited (“Tianyun International”, together with its subsidiaries, the “Group”, Stock code: 6836.HK), a leading seller and manufacturer of processed fruits products in China, is pleased to announce, upon the easing of the coronavirus disease 2019 (“COVID-19”) outbreak in China, to echo with the Government's initiative of “Progressive Resumption of Production”, the Group's production and operations have gradually resumed since late February. The Group's production bases in China are expected to resume normal production capacity in April 2020 which is very encouraging. The Group will continue to work hard on ensuring the normal business development and achieving safe production.

To ensure the smooth and gradual resumption of production, the Group has setup an emergency leadership team for epidemic prevention and control and has implemented a series of prevention and strict control measures including the provision of adequate antiseptic and disinfection materials at all production lines. Under strict control measures, the Group recorded zero infection of COVID-19 among the entire workforce. The Group has also donated about RMB 300,000 in supplies and providing various appropriate aids for prevention and control for the epidemic.

**Mr. Yang Ziyuan, Chairman and CEO of the Group**, said, "Amid the uncertainties brought by the COVID-19, under the collaborative teamwork by the employees, Tianyun remains strong in fundamentals and has sufficient capacity to cope with the current unstable and complex environment. Tianyun International will respond positively to the challenge ahead, while doing our job of preventing and controlling the epidemic, we will accelerate the resumption of full production capacity and operations. We hope to maintain internal stability and actively take up our social responsibilities to assist recovery of economic and production activities in the society as soon as possible. "

Tianyun adopted a series of prevention and strict control measures with satisfactory results
